Headteacher: Mrs J Drew

Maths with Michael

Michael is a school teacher and a parent. He has teamed up with White Rose Maths and has produced a series of short videos that support parents with maths methods that are used in school. These videos are approximately 5 minutes long and show different ways that you can support your child with maths.

The videos can also be found on the White Rose Maths website under home learning or by following the link: <https://whiterosemaths.com/for-parents/maths-with-michael/>
